## Professional Synopsis:

I am a fresher to the IT industry, pursuing final year B.Tech from Techno India, Salt Lake. I have no experience in IT industry. Currently associated with Mozilla and Wikimedia Foundation and contributing to their open source projects as a volunteer. I like to learn by exploring & take active interest in modifying configurations of different software in order to get a better understanding about their working procedure. I enjoy going through tech blogs, and sharing knowledge via social media & other connections. I am certified as a Microsoft Certified Professional, on Web Development. I must mention that I am not a hard coder but I just love to know about programming languages. Java is my favorite programming language. I have done training on J2EE from IBM Career Education and also doing the courses of C# and other upcoming technologies from Microsoft Virtual Academy. Apart from programming DBMS, Data Structure and Operating System is my noticeable field.

## Objective:

At this time as a fresher I want to gain some industry experiences. I want to work with company to enlarge my skills and knowledge and also want to implement those skills for the better future of the company.

## Computer Proficiency:

- Object Oriented Programming using Java
- Basics of C Programming
- Basics of HTML, CSS and JavaScript (Also includes basic HTML5 & CSS3)
